By David Martin

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. annotated edition. 214 x 149 mm. Language: English . Brand New Book ***** Print on Demand *****.Instant Revit!: A Quick and Easy Guide to Learning Autodesk(r) Revit(r) 2016 This book is designed to give the student a basic introduction to the Revit 2016 computer aided design (CAD) program. The book contains step-by-step project tutorials with screenshots using the Revit program. The units for the projects are in Imperial (Feet Inches) units. The student begins with three warm-up projects designed to familiarize them with the Revit interface. These projects will use the 2D portion of the program that will guide the student through a two-view drawing of a single story house, a one-view drawing of a geometrical component, and a lighting plan with two alternate plans. Once the student completes these projects, they will begin the final project. The project is a two-story residential structure. A three-dimensional model of the project will be developed and used to create views of the: first and second floor plans, section views, interior and exterior elevations, and detail views of the structure. Some of these drawings will be annotated with dimensions and notes. Door, window,...
