Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Elements of Criticism, Vol. 2 The imitative power of words goes one step farther: the loftiness of some words makes them proper symbols of lofty ideas; a rough subject is imitated by harsh-sounding words; and words of many syllables pronounced slow and smooth, are expressive of grief and melancholy. Words have a separate effect on the mind, abstracting from their signification and from their imitative power: they are more or less agreeable to the ear, by the fulness, sweetness, faintness, or roughness of their tones. These are but saint beauties, being known to those only who have more than ordinary acuteness of perception. Language possesseth a beauty superior greatly in degree, of which we are eminently sensible when a thought is communicated with perspicuity and sprightliness. This beauty of language, arising from its power of expressing thought, is apt to be confounded with the beauty of the thought itself: the beauty of thought, transferred to the expression, makes it appear more beautiful.
