Date :2007-09. This book is a breakthrough in the civil service recruitment examination series of special materials and executive career Aptitude Test special break. Combining the latest syllabus and application on the last two years Zhenti changes. we can see several trends: the amount and difficulty reading year after year. candidates pay more attention to personal views. ideas and solutions; propositions are increasingly concerned about the content of the hot spots and the state s major policies. the candidate s personal views and measures for the requirements of the feasibility and effectiveness of the more prominent; syllogism type of model is no longer favored. the general ability of the test to become a key. with particular emphasis on examining the abstract generalization ability. Accurately grasp the trend of recent years. based on the proposition. we have a well-written book. Specifically. the book has the following characteristics and advantages of: original style: To help candidates grasp and apply the law of master thesis on the problem-solving skills. ability to apply the knowledge to solve practical problems. this book carefully selected hot spots in various fields in recent years events and focus on the phenomenon as a material. the use of a deepening and expansion of the problem of countermeasures general + + + quality Liwen forecast papers style of the arrangement. so that candidates have a comprehensive on hot issues and in-depth understanding. Informative: the book selected hot spots. according to building a socialist harmonious society. the socialist rule of law. scientific development. build a conservation-oriented society. the construction of environment-friendly society to be divided into 25 topics. from macroeconomic policy to...
