Poor People's Energy Outlook: Energy for Earning a Living: 2012

By Practical Action

Practical Action Publishing. Paperback. Book Condition: new. BRAND NEW, Poor People's Energy Outlook: Energy for Earning a Living: 2012, Practical Action, Access to energy is essential for poor people to earn a decent living, to work their way out of the vicious cycle of poverty and subsistence. Whether you earn off the land, from a small business, through a job in a larger enterprise or through the supply of energy itself, energy is important. Poor People's Energy Outlook 2012 examines the linkages between energy access and better opportunities for earning a living, while recognising that there are many barriers which must be overcome on the path from improved energy access to increased incomes. This second report in the PPEO series also revisits the definition of energy access reintroducing the concept of Total Energy Access as a progressive framework to measure how people use energy in a healthy and productive way. The complementary Energy Supply Index encompasses how people make incremental improvements to the quality of their energy supply. The Energy Access Ecosystem approach is presented, describing the interconnected web of organizations working on energy access and the system of which they are a part. PPEO 2012 will be of interest...
