

Proceedings of the Annual Meeting of the Missouri Pharmaceutical Association Volume 23-27 (Paperback)

By Missouri Association

Rarebooksclub.com, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1901 edition. Excerpt: .This preparation stands well. I also sweetened it with solution of saccharin and flavored it with fresh oil of sweet orange. The following is the formula: --Oil Orange, fresh. 2 cc. Solution of Saccharin--N. F. 10 cc. Water a sufficient quantity to make.1000 cc. Proceed as in above formula--or rub the mixed liquids (oily) with the gums and add all at once 215 cc. of water and rub till perfectly emulsified, then dilute with rest of water and add solution of saccharin. The orange oil should be dissolved in the almond oil and petrolatum before adding to the gum. The question I would like for our Association to answer me this morning is, which of the two preparations do you prefer? If desired, combinations with hypophosphites can be made by merely dissolving the salts in water and mixing just as in the codliver...
