Bulletin Volume 107, pt. 1

By United States. Bureau of Chemistry

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 100 pages. Dimensions: 9.7in. x 7.4in. x 0.2in. This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1912 Excerpt: . . . in feeding a number of different species of animals--the larger the number the better--for a day or two exclusively upon the food. White mice, house mice, white rats, young dogs, See Appendix, p. 252, for method for the determination of acidity. The material under this heading was originally prepared by Dr. E. C. Novy, of Ann Arbor, Mich. Fishchoder, Leitfaden der praktischen Fleischbeschau; Ostertag, Handbuch der Fleischbeschau; Walley, A Practical Guide to Meat Inspection, pp. 233-245. cats, rabbits, or guinea pigs may be used. If the animals sicken and die, they are to be subsequently examined for the presence of pathogenic bacteria. It may happen that none of the animals thus fed will be injured by the food, which fact would not exclude, however, the presence of a germ requiring a specially susceptible animal for a subject. Another set of animals should be injected with a...

Reviews

A top quality ebook and the typeface used was interesting to learn. This can be for all who statte that there had not been a well worth reading through. I am just pleased to tell you that this is basically the very best ebook i actually have go through in my individual life and can be he finest book for at any time.

-- **Mr. Carol Bergnaum IV**

This publication will not be straightforward to begin on studying but quite fun to see. It really is basic but shocks in the fifty percent of the ebook. I realized this ebook from my dad and i advised this pdf to learn.
