

Digital Revolutions: Activism in the Internet Age (1)

By Symon Hill

New Internationalist Publications Ltd. Paperback. Book Condition: new. BRAND NEW, Digital Revolutions: Activism in the Internet Age (1), Symon Hill, From Occupy to Uncut, from the Arab Spring to the Slutwalk movement, few questions about recent activism raise as much controversy as the role of the internet. This book suggests that the internet is a tool, not a cause, of social change. It has profoundly affected the way people communicate, making it easier to find the truth, to learn from activists on the other side of the world, to co-ordinate campaigns without hierarchy and to expose governments and corporations to public ridicule. But it has also helped those same governments and corporations to spy on activists, to disrupt campaigns and to create illusions of popular support. Focused on the real-life experiences of activists rather than theory or abstract statistics, Digital Revolutions asks how the internet has affected activism, how it has allowed movements to go global more quickly and what the future holds for corporations and social movements that are doing battle online.

Reviews

This book may be really worth a read through, and far better than other. it was actually writtern extremely completely and valuable. I am just very easily will get a satisfaction of looking at a published ebook.

-- **Lillie Toy**

It is easy in read through easier to fully grasp. it had been writtern very completely and useful. I am pleased to let you know that here is the greatest book we have read during my personal life and could be he very best book for possibly.
