Pro Silverlight 3 in C# (Paperback)

By Matthew MacDonald

aPress, United States, 2009. Paperback. Book Condition: New. 231 x 178 mm. Language: English . Brand New Book. Full-color graphics and screenshots throughout make Pro Silverlight 3 in C# an invaluable reference for professional developers wanting to discover the new features of Silverlight 3. Author Matthew MacDonald s expert advice guides you through creating rich media applications using Silverlight in the environment you re most productive in--no matter what the target platform. As you learn about the features that put Silverlight in direct competition with Adobe Flash, such as rich support for 2D and 3D drawing, animations, and media playback, you ll experience the plumbing of and the design model of WPF through Silverlight--all of the same technology that developers use to design next-generation Windows applications. MacDonald provides an comprehensive tutorial written from professional developer to professional developer. What you ll learn * Develop rich media applications using Silverlight across browsers and platforms. * Create a project, set up a layout, and use controls. * Handle both 2D and 3D drawing, animation, and media playback through Windows Presentation Foundation (WPF). * Integrate web services support. * Use Silverlight in conjunction with ASP.N ET and its interactions with HTML.
